

CALL FOR PAPERS

2023 Child & Youth Care Provincial Conference

June 7, 2023

Recharge, Recreate, Reconnect:

Rebuilding Relationships Through Interaction & Creativity

In keeping with our commitment to enhancing the professional development of child and youth care practice, CYCWAM is looking for child and youth care professionals (CYCP) who will facilitate workshops on June 7, 2023 on the subject of relationships in child and youth care practice.

Submissions *must engage the topic of relationships in the field of child and youth care*. For example, a paper may consider how CYCPs can connect with youth through play or storytelling. A paper might also consider how the CYCP fosters relationships through the use of creative arts and mediums, or engaging with them in nature to promote positive growth and development. Following the COVID-19 pandemic, what do relationships look like in Manitoba's CYC field? What exciting and innovative programs are addressing the concept of reconnecting and rebuilding relationships in our communities?
